DIARY NOTES

2 February 1962

DD/S [REDACTED]

1. [REDACTED] who is resigning from his LWOP status was in to say good-by. He is the President of a new firm called [REDACTED] and is also active in the "Action Committee for International Development." Dr. Bollinger of the Helio Aircraft Corporation is Chairman of the Board of ACID. Because of his involvement with Bollinger, he felt that it would be better for the Agency and for him to resign. I agreed, accepted his resignation with reluctance, and told him that if he ever wanted to come back to the Agency, I was sure that we could find a spot for him.

2. [REDACTED] were in to give me a brief rundown on their meeting yesterday with the Reorganization Committee which lasted some four hours. As I had expected there was considerable discussion as to whether the Chief of the Audit Staff was placed properly under the Deputy Director (Support) and whether or not he should report to the Director or possibly have his Staff combined with that of the Inspector General. (Les leaves tomorrow for a tour of Latin America from which he will return on 16 March.)

3. Les advised me that although the Medical Staff had found [REDACTED] qualified for full duty he now found it necessary to notify him that his performance was unsatisfactory and that he would have to find another job.

4. John Tietjen was in to report on a number of items:

a. [REDACTED] has been extended for one year [REDACTED] and [REDACTED] through June [REDACTED]. It is interesting to note that both of these positions were slated for elimination and both extensions have been at the request of the [REDACTED]

b. I discussed with John a plan for further psychiatric training for [REDACTED] which would be at Agency expense but for the most part on Dr. [REDACTED] time.

c. John briefed me on the exchange of correspondence that he had had with the Deputy Director (Plans) wherein one psychiatrist would be detailed to the DD/P Area on an experimental basis. [REDACTED] has been selected for this position and will be on [REDACTED] T/O.)

5. [REDACTED] called to say that Mr. Cannon had requested that the Director appear tomorrow morning to defend his budget. Inasmuch as Mr. McCone was away Mr. Cannon said that he would try to get in touch with us sometime next week. I have

6. [REDACTED] telephoned to say that in reviewing our Handbook on "Employee Conduct" he had found that the language we used with regard to conflict of interest was taken verbatim from minimum Civil Service Standards. I suggested that he explain this to Mr. McCone with the hope that this would eliminate any further suggestion for change.

7. [REDACTED] and two of his assistants were in to brief me on the detailed parking plan at Langley. While I think that it is a good plan, it is obvious that parking is going to be somewhat inadequate beginning sometime during the remainder of the move and continuing until completion of the new West parking lot. This probably will not be completed prior to 15 May. In the interim we are going to have to encourage people to make maximum use of car pools, and it may be necessary to request the Director's permission to park on both sides of the road as a temporary expedient.
